## Additional services at no extra cost

Everyone loves a freebie. We have free services to make your job a little bit easier.

### Site visits

Determining the quantity and cost of fixings for your project can be complex. Let us help you get the right items at the right price on site, on time.

### Product guides

Not sure which size pipe clamp you need for your pipe? Need to know what size hole to drill for your screw fixing? Or perhaps you want help to find a suitable fixing for your decking. Request a product datasheet or download from our website.

### Anchor testing

We can arrange pull out tests to assess the strength of your fixing options which meet BS8539 standards. You will receive a report and relevant documentation as proof of compliance.

### Samples

Try before you buy. If you want to test the quality of our fixings, or make sure you are ordering the right product, we can send you free samples, so you can try them out on-site.

### Service with a smile

Good service just makes placing an order that bit easier. No challenge is too big for our experienced team, so give them a call for cost effective quality fixings, fast delivery, technical advice and a friendly service.

## New services

We know that on site, time and space are precious so we're keen to develop solutions that will save you time on the job, reduce your storage requirements, reduce waste and contribute to site safety.

With this in mind, we now offer a range of pre-fabrication services from pre-cut lengths of channel to complex frames and brackets, as well as pull-out tests. We also conduct site audits as standard to ensure we fully understand your requirements.

Visit [www.fixmart.co.uk](http://www.fixmart.co.uk) or call us on 01322 274226 for details.

## New to Fixmart? Open a Trade Account today

The best way for you to place orders is through a Trade Account.

We have been a trusted supplier of fixings and product to building services for more than four decades. Our many loyal customers keep coming back to us because they get the service that is promised.

There are many benefits to opening an account with us

- Trade pricing and terms
- Dedicated Account Manager and trained Sales Advisors
- Easy to understand product selection and application advice
- Vast range of fixings, site equipment and consumables

Visit [www.fixmart.co.uk](http://www.fixmart.co.uk) to apply for a Trade account online.

# Channel & Bracketry

## Key benefits of prefabrication:

- Prefabrication reduces time spent onsite
- Ease of installation
- Less labour time
- Fewer deliveries to site
- Less waste onsite, with no leftover materials or off cuts to dispose of
- Less space needed on site for cutting or assembly

Channel 3m & 6m	6
Channel Pre-Cut Lengths	8
Channel Brackets	9
Channel Nuts	14
Square Plates	15
Mini Channel	16
Channel Accessories	16
Heavy Duty Box Section	17
Channel Iron	19

## Prefabrication is ideal to increase efficiency onsite

We can cut and combine common stock products such as Channel, Studding, Pipe Supports and Rubber Mounts to create bespoke prefabricated supports and brackets. Produced to your exact specifications these are ready for immediate installation, as soon as they are delivered to site.

# Resin Anchor Products (continued)

## Stud Bolts

Provide a stress-free anchorage in concrete, they have a chisel end and come with nuts and washers.

Box Quantity: 10

Code	Finish	Size	Drill Ø x Min Hole Depth (mm)	Max Fixing Thickness
3815 03814	BZP	M8 x 110	10 x 80	20
3815 03815	BZP	M10 x 130	12 x 90	25
3815 03816	BZP	M12 x 160	14 x 110	35

Code	Finish	Size	Drill Ø x Min Hole Depth (mm)	Max Fixing Thickness
3815 03817	BZP	M16 x 190	18 x 125	45
3815 03818	BZP	M20 x 260	25 x 170	65
3815 03811	ST/ST	M8 x 110	10 x 80	20
3815 03812	ST/ST	M10 x 130	12 x 90	25
3815 03813	ST/ST	M12 x 160	14 x 110	35
3815 05298	ST/ST	M16 x 190	18 x 125	45

## Internal Threaded Sockets

Provide permanently fixed threaded sockets in concrete or masonry when used in conjunction with pump in resins or capsules. They can be set flush with the surface and give a re-useable fixing for bolts or stud.

Pack: 10

Code	Drill Ø x Minimum Hole Depth (mm)	Internal Thread Length (mm)
3815 03803	14 x 90	25
3815 03804	18 x 90	30
3815 03805	25 x 90	35
3815 03806	28 x 125	50

## Why not pick up?

Our Trade Counter between 7.00am to 5.00pm, Monday to Friday.

## Resin Cartridge C/W Nozzle

A two part chemical anchoring resin designed to anchor stud and rebar in concrete. This resin has European approval for use in masonry blocks according to ETAG 029.

Code	Size
3815 03827	300ml

## Resin Cartridge C/W Nozzle

A two part chemical anchoring resin designed to anchor stud or bolts into concrete and hollow walls.

Code	Size
3815 03824	410ml

## You may also need:

- SDS Drill Bits see page 208

p208

## Fischer Resin Cartridge V360S C/W Nozzle

A universal vinyl ester injection resin for anchoring in non-cracked concrete, masonry and rebar connections. This resin has a high temperature resistance.

Code	Size
3815 03828	360ml

## JCP Vinylester High Load Resin Cartridge

NEW PRODUCT

High strength resin suitable for use in concrete, brickwork and most natural stone. Approved for use in contact with potable water.

Code	Size
3815 06444	410ml

## Blow-Out Pump

Blow-out pumps allow for the cleaning of drill holes, removing any drill dust in order to help ensure a secure fixing.

Code
3815 03819

## Dispensing Gun for 410ml Cartridge

Code
3815 03821

## Dispensing Gun for 300ml Cartridge

Code
3815 03810

## Dispensing Gun for 360ml Cartridge

For Fischer Resin Only

Code
3815 03822

## Mixer Nozzle for Cartridges

Code	Description
3815 03823	Mixer nozzle to suit all resin cartridges.

## Mixer Nozzle Extension

Code	Description
3815 05683	Used for extending the length of the mixer nozzle when working across cavities.

## Mesh Sleeves

For use with resin injection systems where the base material structure is not certain to contain the resin around the stud, such as perforated or hollow brickwork. The sleeves can be used with all resins and are available to suit sizes as below.

Code	Size
3815 03826	M8 - M12
3815 03825	M16

With over 14,000 products and key lines always in stock

We're confident you can get what you need when you need it

4020 06491	M12	3m
4020 06492	M16	3m
4020 06493	M20	3m
4020 06494	M24	3m

## Galvanised 3m Studding

Code	Size	Length
4020 03179	M8	3m
4020 03180	M10	3m
4020 03181	M12	3m

## Studding Protection Caps

Plastic cover caps for metric studding to help prevent exposed sharp edges.

Pack: 100

Code	Size	Colour
4020 03188	M6	Black
4020 03189	M8	Black
4020 03190	M8	White
4020 03191	M10	Black
4020 03192	M10	White
4020 03193	M12	Black
4020 06486	M16	Black

## BZP Studding Adapters

Reduces or increases the threaded rod diameter.

Code	Size	Pack
4020 03167	M8(F)/M10(M)	100
4020 03168	M10(F)/M8(M)	100
4020 03169	M10(F)/M12(M)	100

## BZP Studding Connectors

Code	Size	Pack
4020 03172	M6 x 18	100
4020 03173	M8 x 24	100
4020 03174	M10 x 30	100
4020 03175	M12 x 36	100

# Washers

Used to both distribute the load of threaded fasteners and to function as spacers or locks.

## BZP Plain Washers

Code	Size	Pack
4022 03226	M4	100
4022 03227	M5	100
